Message From Your President

We are once again very fortunate to continue with sponsors for our quarterly Legal Industry Council Newsletter. The continued success of the Legal Industry Council is directly related to the generous support from these sponsors. With their help, the Legal Industry Council has been able to offer its members a consistent form of communication, greater opportunities to participate in continuing education programs, and targeted webinar and roundtable topics.

The International Facilities Management Association (IFMA) recently awarded the Legal Industry Council with the Professional Development and Education Award for 2013. We are proud of our achievements, and look forward to providing our members incentives to advance their careers in 2014. We are currently working toward establishing an SFP study program this year. The Legal Industry Council is once again offering to pay a portion of the program fees for the first eight members who enroll in the study group. As a participant in our first CFM study group, I can tell you that the exchange of ideas and knowledge was invaluable, as was the encouragement from other members of the group. I hope you will consider joining us in 2014. For additional details or inquiries about the SFP study group, please contact me.

The Legal Industry Council is very appreciative of our sponsors and is fortunate to have their support in our endeavors. The sponsors are highly recommended by board members of the Legal Industry Council, and we hope you will look to them first when services are needed.

Thank you again to our sponsors!
