John Carrillo, CFM, IFMA Fellow and Immediate Past Global Chair for International Facility Management Association (IFMA) was recently named as chairman of the Global Facility Management Association's (Global FM), a two year term. Global FM was established in 2006 and is a federation of facility management associations operating as a single, united entity to promote FM and act as a conduit for furthering the knowledge and understanding of FM. John has also served on IFMA's global board of directors (2002-2003) and on the IFMA Foundation Board of Trustees (2011-2016) including as Chair of the IFMA Foundation Board of Trustees during his last two years. He has been heavily involved in several IFMA chapters across California, including the East Bay Chapter of IFMA (serving as President, 2000-2002) and the Los Angeles Chapter of IFMA and he helped to charter the Orange County Chapter of IFMA in 1984/85. He earned his CFM designation in 2000.

John has more than 40 years of experience in facility management and corporate real estate at technology-related companies. John was the Director, Planning, Design & Construction, West region for AT&T, his responsibilities included project management oversight of 40M square feet for the 13 western states and Guam. His team included alliance architectural & engineering firms and general contractor & technical consultants and manages several thousand capital and expense infrastructure replacement & repair projects totaling approximately \$150M per year. Before AT&T, Carrillo worked in the Corporate Real Estate – Aircraft Division at Northrop Grumman. Over the course of his career, he has managed as many as 1,500 facility management employees and developed a preventative maintenance program for 20,000 buildings.
